

## Experience the Synergy of Light in Life

LIGHTFAIR® International offers the world's largest and most comprehensive annual architectural and commercial lighting trade show and conference. Year after year, thousands of architecture, design, engineering, energy, and lighting industry professionals come to:

- Find the newest ideas in lighting products, technology, and design
- Gather the latest industry-related information
- Discover new thinking in an array of progressive, CEU/LU-accredited courses
- Network with, and be inspired by, the industry's leading minds
- Meet their peers and make new contacts
